

## Bring Your Own Device (BYOD) Program 2017

In 2017, it is compulsory for students in Years 10, 11 and 12 to bring an electronic device of their choosing. For example, a tablet (eg. iPad), laptop or Chromebook (not a smart phone) to support their learning.

Students who wish to bring a personally owned laptop need to:

- Purchase and install one of the following antivirus programs: Trend Micro or Norton. This is to safeguard the integrity of the CLC network. Please note: free antivirus software is not sufficient.
- See a member of the IT department to have the device configured for use on the wireless network and for the antivirus software to be checked.
- Complete and return the agreement below to their homeroom teacher.

### Conditions and Agreement

- I agree to select one device for use on the CLC network to support my learning.

I will use:

- an iPad
- a personal laptop \_\_\_\_\_ (please specify)
- other \_\_\_\_\_ (please specify)

- I agree to adhere to the College Digital Citizenship policy when using my device at school as per study planner.
- I understand that I am responsible for providing software and for the maintenance of my device.
- I have read the Bring Your Own Device (BYOD) information and agree to abide by the conditions set out above. I understand that any breach of these conditions will result in internet and network privileges being suspended and/or withdrawal of permission to use my device at school.
