The College has negotiated seven private bus services with Panorama Coaches to provide easy access to CLC for students from areas not readily serviced by public transport.

Bus fares are billed annually via family fee accounts. The price charged to families is heavily subsidised by the College to make access to the College via private bus transport, affordable for families.

Further information on all the bus routes, including designated stops and timetables, can be found on the College website <https://clc.vic.edu.au/enrol/location-transport/>
